Foreword

This is the user manual of the FRAMA-C plug-in E-ACSL¹. The content of this document corresponds to its version 0.1+dev (May 3, 2013) compatible with the version Fluorine-20130501 of FRAMA-C [1]. However the development of the E-ACSL plug-in is still ongoing: features described here may still evolve in the future.

- Introduction
- What the Plug-in Provides
- Parameterizing the Plug-in
- Limitations
